The Laguna Beach Pageant of the Masters is one of the most extraordinary artistic events in Southern California. Every summer since 1932, audiences have packed the starlit amphitheater to witness the "living pictures" spectacle. Watch as artists magically transform live actors and intricate sets into remarkable re-creations of magnificent works of art. This unforgettable 90-minute program is accompanied by a full orchestra, original score and live narration.

This special FOTM event takes you in a chartered coach to Laguna as you watch a "behind the scenes" lecture and slide presentation by FOTM Founder Donna Granata, followed by a private docent visit to the Irvine Bowl for historical overview of the Pageant.

All proceeds benefit the FOTM Archives
